CAREER PROFILE

Enthusiastic and dedicated collaborator, I possess a diverse background in childhood education, marketing, and insurance. After taking the time to focus on my family, I recently completed a diploma in IT and a course in JavaScript. I am now eager to transition into a career as a Front-End developer. I believe that strong communication skills, a creative mindset, and a passion for learning new technologies will be an asset in my next journey into digital jobs.

AREAS OF EXPERTISE

- **Technical skills:** through my different projects, I gained experience in HTML/CSS, JavaScript and React with a keen understanding of responsive design principles.
- **Marketing knowledge:** My degree in Marketing provides a unique perspective on user experience and interface design with a focus on creating engaging digital experiences.
- **Education background:** This exposure helps me to cultivate patience, adaptability and the ability to break down complex concepts for a diverse audience.
- **Project Management:** I am capable of managing multiple tasks and deadline effectively with a proactive approach to problem-solving and collaboration
- **Continuous Learning:** I am able to demonstrate commitment to personal and professional growth through my recent completion of IT diploma and JavaScript course.
